SUNDAY BASE BALL.

There is an Urgent Demand for it from Patrons of the National Game in Wheeling—A Sunday Park on the Elm Grove a Possibility.

The management of the Wheeling base hall club is being besleged with urgent demands from a large portion of the base ball public that provision be made for the playing of games on sunday. The management desires to sunday. The management desires to heed this demand, and is working slong that line with all possible energy. Conferences are being held with officials of the Wheeling & Elm Grove road, and the result may be the building of a park for Sunday ball along that road, a park for Sunday ball along that road, ine result in the result along that road. If the scheme is a go, it is said a park will be put up on the ground back of the Wheeling Park casino. The park association has contemplated putting in a ball park and quarter mile bleyele racing track on this sile for some time, but the matter was never pushed to a successful consummation. Now that wheeling has a crack team in the fast inter-state league, which the ball public will undobutedly patronize handsemely, it is thought likely that the Elm Grave people will build the park. With five-cent fare, the attendance at Synday games would reach into the thousands every week. It is even said that Pittsburgh would send delegations to witness the games.

Jack Glasscock is negetiating to take the management of the Fort Wayne team, of the Inter-state but the deal has not yet been closed.

Until the Wheeling management secured the fast Springfield team intact, it was the intention, if possible, to secure the services of Parson Nicholson. It is just possible that he will wear the wheeling uniform even now. If Wheeling should lose Maxina to Syracuse, he was the wanted. be wanted. 11 .

President Howell is receiving many lications for the ball park privileges, e man offers \$200 for the score card clegs. Several are after the refresh-

Mr. Howell will invite the Inter-state to hold its next meeting league to Wheeling.

GARDNER IN A DRAW At Hartford with Martin Flaherty

Last Night.
HARTFORD, Conn., Feb. 22-Oscar lardner, of Wheeling, and Martin Flaherty, of Lowell, Mass., fought a twenty tound draw to-night before the Haw-thorne athletic club. Flaherty forced the fighting in the early part of the conthe usuning in the early part of the con-test and his victous rushes threw Gard-ner all over the ring. His fighting was marred by foul tactics, while Gardner put up clean work throughout. The re-ferce's decision was generally approved, as while Flaherty was the more aggres-sive in the early part of the fight, Gard-ner got in his good blows toward the end and evened matters.

"FIGHTING BOB"

Says the Navy Fought as it Did on Account of the Maine,

CINCINNATI, O., Feb. 22,-Cincinnati's celebration of the birthday of

Account of the Maine,
CINCINNATI, O., Feb. 22.—Cincinnati's celebration of the birthday of
Washington consisted mainly in doing
honor to Captain Robley D. Evans,
known everywhere as "Fighting Bob"
Evans. He came with Congressman
Bromwell to attend the banquet of the
Stamina League club to-night. At
noon he was brought to the floor of the
chamber of commerce, where a kreat
assembly cheered, his entrance and redoubled its demonstration when the
gallant captain stood on the rostrum
and was introduced by General Michael
Ryan in an eloquent little speech.
Captain Evans, with charming frankness, said he supposed no one expected
a 'speech from him, that was not his
trade. The situation was embarrassing, but he did not imagine he was in
any danger. Speaking of the Spanish
war, he said the navy went into it because the commander-in-chief, William
McKinley, and the Congress declared
that war existed with Spain. That it
was a war for humanity was taken
with some reserfection by the navy,
though it was trugethat the American
nation had become. Yery weary of the
starving of women and children at our
very doors. He insisted that the real
reason that actuated the navy was obedience to orders, but he added that the
loss of 266 comrades had much to do
with the willingness with which the orders were obeyed. Ignoring all reference to the officers who, he said, had
been too fully pralsed already, he paid
a splendid tribute to the men behind the
guns. He never saw such devotion and
courage as these men displayed. Mrs.
Browning had expressed the idea exactly when she had said they "all stood
ready to flash their souls out with their
guns and enter their heaven at once."
That was exactly the spirit with which
they fought.

His remarks were greeted with alternate cheers and laughter, and after the
speaking he was greeted personally by
a long line of loyal and enthusiastic admirrer of the American navy.

Beresford on China.

WASHINGTON, D. C., Feb. 22.-Lord Charles Beresford in an interview this afternoon, predicted that China will be afternoon, predicted that China will be bankrupt in four years, and said that what England had done for Egypt the four nations controlling China trade could do for China. "Save for its strategic advantages," he added, "Egypt has not been worth a shilling to England. She sacrificed lives and money to make Egypt safe and secure, and she put the Egyptian army and police in order. Of course every nation that has ever controlled Egypt has declared it would get out."

AMUSEMENTS.

At the matinee yesterday given by the Boston Lyric Opera Company, the Opera House was crowded to its utmest capacity to hear this spiendid or-garization in their beautiful production of that charming opera, "Said Pasha." The success was instantaneous, every-thing going, as it always does with the Lyrics, supposition thing going, as it always does with the Lyrics, splendidly. At night many people were turned away from the theatre unable to gain admission to see the company present. "Olivette." It not having been given by the Lyrics on their first visit, there was a great curiosity to see them present something new to a Wheeling audience. To say "Olivette" was a success is to put it mildly. The beautiful Josephine Stanton essayed the part of the pert and cunning Olivette, and she was delightful. Miss Mamie Klingsbury made a bewitching Counters. The part of the duke is by a long way the best thing that Mr. George Olmi has done here. Mr. Henry Hallam as Valentine, sang and acted the part to perhere. Mr. Henry Hallam as Valentine, sang and acted the part to perfection, while Mr. John Henderson kept the audience in a continual state of laughter throughout the entire performance. Mr. J. L. Rockwell, another comedian, who just arrived from New York yesterday to join the company, made a decided success as Captain De Merrimac.

To-night will be presented the "Black Hussar" for which there is already a tremendous sale of seats. Many new features will be introduced, including the march of the hussars.

"THE IVY LEAF."

When you go to see a theatrical performance, you do not spend your time and your money for the purpose of be and your money for the purpose of be-ing bored or sitting out a sleepy per-formance. You go for a good time. You want to be amused, attracted, in-terested. This mission is faithfully per-formed by "The lvy Leaf," the attrac-tion at the Grand for three nights and tion at the Grand for three nights and matinee, comencing Monday, You could not if you should try, find a dull moment throughout the production. It is a play that draws, your attention and takes you away from yourself, sending you home with a lightsome heart and a feeling of thankfulness that you were fortunate enough to be there. Its story is smoothly told. Its plot is ingeniously scought, and pleasuity worked, out wrought and pleasantly worked out. Then, too, a degree of attention has been paid to variety. At intervals so as not to disturb the plot or detract from the interest in the story, a number of specialties are introduced, including ballads, choruses and dancing.

MACAULEY-PATTON COMPANY. Two house capacity audiences assembled at the Grand Opera House yester-day afternoon and last night, drawn by the excellent repertoire company now playing a week's engagement at Manacer Feinler's playhouse. The Macauley-Patton company is pronounced on all sides the best company ever appearing here at popular prices, and it is not surprising that the theatre-going public generally is appreciating this good thing in the amusement line. Yesterday afternoon, the pastoral drama, "The Minister's Son," was repeated, and in the evealing the old favorite, "Only a Farmer's Daughter," was put on in first class style. Pleasing specialties were given between the acts, and they are unusually good, and would "go" in most any specialty company. To-day there will be two performances, in the afternoon, "Fate" will be the card, and at night "In Mizzoura," Nat Goodwin's success, will be given a production which will not be disappointing in any particular. Popular prices prevail for this engagement. bled at the Grand Opera House yester-

This sale will put into Bellaire more money than was ever here at one time in the history of this city, and the sale of the various plants in this vicinity and Wheeling means that from \$4,000,000 to \$7,000,000 is about to be dumped into this part of the Ohio Volley, the bulk of which will be seeking investment. This cannot help increasing values along some lines, as idle money is simply a burden and not many persons ever keep large sums idde.

Remarkable Success of a New Pile Cure.

People who have suffered for months or years from the pain and inconvenience of that common disorder, piles, will look with skepticism upon the claims of the makers of the new discovery for a cure of all forms of piles known under the name of Pyramid Pile Cure; nevertheless, the extraordirise cure; nevertheless, the extraordinary cures performed by this remedy are such as to warrant the investigation of any sufferer. As a case in point the following letter speaks for itself. Mr. Henry Thomas, of sub-station No. 2, Hosack Ave., Columbus, Ohio, writes as follows:

Writes as follows:

Pyramid Drug Co.:

Gentlemen:—I want you to use my name if it will be of any use to you. I was so but with piles that I lost work on that account. Nothing helped me. I read in Cincinnati of the many cures of piles by the Pyramid Pile Cure and I went to a drug store and asked for it. The drug clerk told me that he had something else that he thought was better, but I told him that I wanted to try the Pyramid first.

The first box helped me so much that I tried another, and then to complete the cure used two more boxes, making four in all. I am now completely cured. Have not a trace of piles and I had suffered for four years with the worstkind of protruding piles.

I suffered death from piles, but I have found the Pyramid Pile Cure to be just as represented. I have recommended it to zeveral of my friends and am thankful to be able to write you what good the remedy, has done me."

MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor.

James Ellis, the Martin's Ferry man who was arrested Saturday night by Marshal Lindemuth and two officers while in an insane mood, was given a hearing before Probate Judge Smith at St. Clairsville, and has been adjudged insane. Marshal Lindemuth will take Ellis to the Columbus asylum this week. It developed that Ellis' mind was blank from Saturday afternoon until Monday morning at 9:20 o'clock. He did ont know that he had secured a revolver and a knife from his trunk at home in the Standard addition, and was hunting cartridges when arrested by the officers. When this developed at the hearing. Ellis turned to the judge and remarked, "Judge, I guess you had better send me to the asylum." He has rational intervals when he is apparently sane, but he is a most dangerous man when the disease masters him occasionally. He gave up locomotive engineer ing years ago, fearing that he would lose his mind some day and open the throttle wide and thus send a train load of people to certain death. For the same reason, he has been unable, recently to secure employment better than laboring at the Actua-Staudard mill. His wife left him eight years ago. His case is one to be deplored.

ERNEST SMITH'S SUCCESSOR. Ernest Smith was elected city soile itor at the last election in Martin's Later he enusted in the Seven-

Now that Mr. Smith has gone to the Philippines and seems certain to serve out his three years' term of enlistment, it is thought years' term of enlistment, it is thought council will accept his resignation, and elect his successor. The friends of Edward McCombs, a well known young lawyer, think he is entitled to the office for a number of reasons. Just before the campaign began, both Smith and McCombs were aspirants for the nomination, but as they were friends they threw up a penny to decide who would retire from the contest. Luck favored Smith and McCombs retired from the contest. Now that Smith's resignation may be accepted, McCombs' friends believe he ought to become solicitor.
